

## Your dream. Our expertise.

Since 1952, Reico Kitchen & Bath is your one-stop shopping source for all your kitchen and bathroom design and remodeling needs.

**Reico**  
KITCHEN & BATH

[www.reico.com](http://www.reico.com)

Since 1952, it has been our goal to have every customer recommend us.

History has shown that if we create an outstanding experience that exceeds your expectations from the moment you walk into our showroom to the completion of the project, you won't be able to help but talk about it!

But in order for you to have a great experience it has to be more than just beautiful showrooms, one-stop shopping convenience, the finest product lines and the best delivery service in the industry. In order to provide a world class experience we must have the best people and processes in place.

### **We do.**

Our company and its culture has been designed with you in mind. Our processes, computer systems and delivery service, combined with our people's focus on kitchens and baths will make your experience both positive and fun. Whether you are building a high-end kitchen or just updating a rental unit you should be confident that Reico will make it an experience you can't help but talk about.

**The number one reason customers choose Reico—our people.**

All great designs begin  
with a single dream.  
Your dream.

We are ready for your questions and ideas. At Reico Kitchen & Bath, we love to listen and are eager to find out about you and your dreams. Our collective experience gives us the skills and design expertise necessary to handle all of your custom needs.

Our in-home delivery program ensures that you will never wait all day for your order to be delivered. It provides notifications to you the evening before, the morning of and approximately one hour before your delivery is made to make your planning easier.

That attention to detail from our sales, support and operations teams helps make sure your project will be everything you dreamed it could be. Since 1952, Reico has been taking care of our clients' needs. Let us help you take that first step and give us the chance to prove it to you!

# Countertops

When comparing countertops, make sure each quote takes into account the many necessary costs required for any countertop. These costs will be specific to your situation and could include, but are not limited to, the following: cut outs, edge treatments, back splashes, radius corners and premium colors.

At Reico, we price every countertop on a per job basis. We want you to have all the information necessary to make an informed decision about your countertop. If you have any questions about any of the products, please ask a Reico representative.

## Engineered Stone

- Mainly quartz-based product with resins creates a dense surface material
- Combines look and feel of natural quartz with superior performance
- No sealing required
- Greater heat, scratch and stain resistance than natural stone
- Greater color consistency throughout top than natural stone

### *Upgrades*

Decorative edges, Splayed and Clipped corners, Radius corners and edges, Eco-friendly product surfaces

### *Other Costs*

Cooktop, Outlet and drop-in bowl cuts, Grommet hole drilling

## Laminate

### *Nevamar Laminate*

- Hundreds of design choices for use in the kitchen, bath or any room
- Affordable price point
- Durable and easy to maintain
- Resists stain, heat and impact
- Avoid cutting and using abrasive cleaners

### *Upgrades*

Bevel, Wood and Radius edges, Splayed and Clipped corners, Finish upgrades (gloss, chemical resistant)

### *Other Costs*

Measurement, Delivery, Installation, Additional cutouts

## Granite

- One of the hardest materials on earth
- Natural product offers multiple colors, textures and patterns from which to choose
- Choice of actual stone slabs (made by customer at fabricator shop)
- Will require maintenance by homeowner over the life of the countertop

### *Upgrades*

Decorative edges, Splayed and Clipped corners, Radius corners and edges

### *Other Costs*

Cooktop, Outlet and drop-in bowl cuts, Grommet hole drilling

## Solid Surface

- Durable, beautiful surface material ideal for kitchen and bath
- Made of acrylic resins and mineral fillers
- Easy to maintain and repair, if necessary
- Variety of colors, patterns and decorative edge treatments
- 10 year warranty when installed by authorized fabricator

### *Upgrades*

Decorative edges, Drain boards, Thermo rods, Radius corners, Splayed corners, Cove back splashes

### *Other Costs*

Undermount sinks, Cutouts/Notches, Sink cutouts

There are many details in the remodeling process, from selection to completion.

Reico Delivery Solutions ensures you will never have to wait around all day for a delivery.

## Here are some of the most frequently asked questions that we get from our clients:

### How long will my selections appointment take with Reico?

It typically takes a few appointments before you finalize a layout. With so many product and design options available, each appointment could take up to an hour or more. Future meetings can be held using web conferencing from your home or office to review changes.

### What products can I choose at Reico?

From stock to custom cabinetry, laminate to granite countertops and standard to premium appliances, Reico offers many different options to meet any budget and style. You can also find sinks, faucets, hardware, lighting, tile backsplashes and other products as well.

### How can I be sure I am getting a fair price and the best value for my budget?

By offering design solutions, world-class service and one-stop shopping, Reico is uniquely suited to offer you the best value for your budget. Being the largest cabinet distributor in the country, Reico can offer the most competitive pricing. We communicate openly and directly about pricing, payment terms, financing and all options a client has before selections are finalized.

### Do you deliver on your own trucks?

We use our own trucks and drivers on deliveries. The only exception is countertops, which are delivered by the fabricator. Our delivery service is the best in the industry, offering you delivery notifications the day before and morning of your delivery. We'll then update you one more time when we are about an hour away from your delivery, all so you can actually plan your time without losing the whole day.

One-stop shopping so you don't have to go anywhere else for your project.

Get a quick idea of what your project could cost with our [Online Retail Estimator](#).

[www.reico.com](http://www.reico.com)

Designing a dream kitchen or preparing a home to sell will impact **how much you spend.**

The more you know, the better your remodeling experience will be.

#### How much do things cost?

According to National Kitchen & Bath Association research an average of 29% of your total kitchen remodel costs will be in cabinets and hardware, followed by installation (17%), appliances (15%) and countertops (10%). The remaining costs can go to faucets, sinks, plumbing, backsplashes, flooring, lighting and more. In comparison, bathroom remodels often see the highest percentage of cost in installation.

#### Do I need to be concerned about lead paint?

Yes. Any home being renovated, especially if built before 1978, must be properly evaluated for the presence of lead paint. Lead primarily comes from dust, which is a constant presence in any home renovation. The key to protecting your home and family during a renovation is to use lead-safe work practices such as containing dust inside a work area, using dust-minimizing methods and conducting a careful cleanup. A certified professional can be hired to check for lead based paint. For more info, contact the EPA at 1-800-424-LEAD (5323) or go to: [www.epa.gov/getleadsafe](http://www.epa.gov/getleadsafe).

#### What happens after a contract is signed?

Congratulations! You've made all your decisions, finalized the design and signed off on your order. Next? Time to wait. Product lead times for cabinets can range from as little as 2 weeks to as many as 6-10 weeks depending on the type of cabinet you choose. We will keep you updated the entire time and before you know it we will be scheduling the work to begin.

#### What should I do next?

Visit our website, [www.reico.com](http://www.reico.com), and check out our picture galleries, our getting started and what to expect sections and many other resources to help you.

Since 1952, it has been our goal to have every customer recommend us.

So many options to consider to help you create your **dream kitchen** or **bathroom.**

A good sign of things to come...your new kitchen!

## Your bathroom. Your way.

Since 1952, Reico Kitchen & Bath is your one-stop shopping source for all your bathroom design and remodeling needs.
